Using a patented, plug and play design, c-Max makes it easy to add luminaire-level lighting controls to achieve energy savings beyond LED conversion.

**Network Controls**

- Bluetooth enabled luminaire networking
- High trim - 50%-100% (1% Increments)
- Secure commissioning via c-Max App (iOS/Android)
- Tri-level Dimming and Occupancy sensing (PIR)
- And much more...

**Basic Controls**

- Individually control luminaires
- Commissioning via remote control (IR)
- High trim - 50%/75%/100% (Preset)
- Simple on/off photocell
- And much more...

**Outdoor Tiers**

**ENHANCED SERIES**

Enhanced Performance and Features

This series offers enhanced performance, features and options designed to elevate both safety and aesthetics in any outdoor environment.

**VALUE SERIES**

Value Oriented Performance and Features

This series combines reliable brightness, energy efficiency, and a budget-friendly price point, ensuring that users can enjoy effective outdoor lighting without compromising on quality.
